

September 10, 2025

To Our Valued Patients and Friends,

I have some news to share. The office is moving into a new location. I have made the very important decision to merge the Miramar location with the **Cooper City Location**. The office is located approximately 15 minutes away from the Miramar location, near Pembroke Pines.

In the Miramar location it was very challenging to offer additional office hours as staff was divided between two offices. This made it difficult for many patients because of the limited days available for appointments. Because of this, the Miramar location will close as of September 24, 2025, and all patient records will be transferred to the Cooper City location.

As you may have been aware, Dr. David Pena has been out on medical leave since April 2025. I am happy to announce that he will be returning next month in October to the Cooper City location. *All the familiar faces will be there: Judith, Betty, Dr. Pena and Dr. Martin will all be working out of the Cooper City location.*

THE **NEW** OFFICE ADDRESS IS:

COOPER CITY FAMILY DENTISTRY

5900 HIATUS ROAD; SUITE 300

COOPER CITY, FL 33330

*The phone number will remain the same **954-431-5513 or 954 252 8257***

Please visit our website: www.Innovationincare.com

In Cooper City we will be able to offer Monday thru Thursday appointments all year round along with Friday and Saturday appointments one to two times per month. This will give you, the patient more options and flexibility when scheduling. This will ensure that the care and individual attention that you have come to expect will continue with the increased investment in modern technology for our office.

As always, our team will continue to provide optimal and timely care. We have always believed that our patients are our most important mission. Our team is dedicated to this ideal. It is with great anticipation and enthusiasm that I announce this move. We are looking forward to your next visit! Thank you again for your years of loyalty and confidence.

We hope to see you soon,

Dr. David Pena

Dr. Alfredo Martin
